

STRIP & TAPE

Self-adhesive foam and rubber sealing strip for indoor and outdoor applications, keeping undesirable elements out.

APPLICATIONS

- Excellent for dust and draught sealing.
- Used for anti-rattle protection, cushioning and sound dampening.
- Gap sealing for doors and windows.
- For all general sealing requirements, both indoors and outdoors.

ADVANTAGES

- The roll remains intact and the pressure sensitive adhesive keeps foam in place during application.
- Strip is perfect for sealing on curved or irregular surfaces.
- Impregnated foams are available for irregular surfaces or gaps.
- Strip is easy to handle
- No curing time is required. The pressure sensitive adhesive is ready to use immediately.
- The products have good conformability.

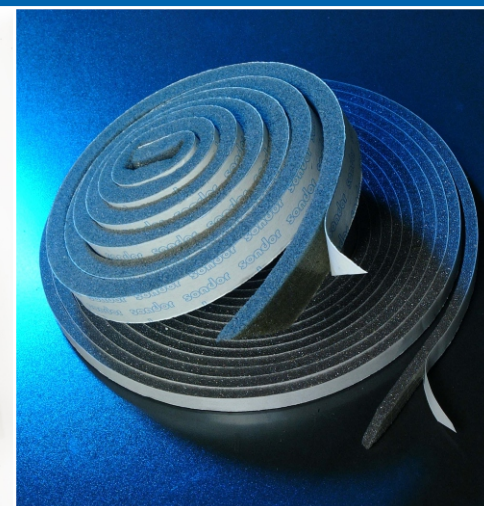

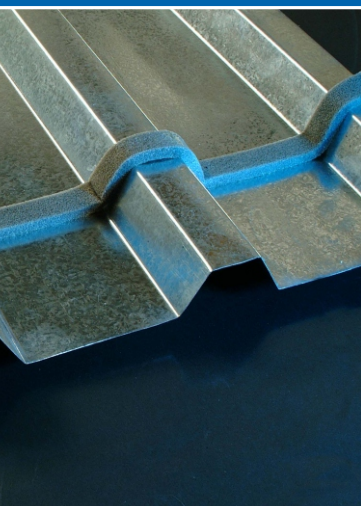

PHYSICAL PROPERTIES/TECHNICAL DATA

- **Composition:** A wide variety of materials are available to meet different application requirements.
- **Densities:** Various densities are available depending on material choice.
- **Size:** Various sizes, thicknesses and lengths are available.
- **Self-Adhesive Backing:** A pressure sensitive adhesive with release paper is available.

DIRECTIONS FOR USE

- Ensure that the surface area is clean and free of dust or dirt.
- Cut the required length of strip and apply whilst slowly removing the release paper.
- Avoid touching adhesive surface before application.
- Apply pressure to the strip by hand to ensure good adhesion.
- **Caution:** Do not apply strip over air vents or ducts.
